

ARTICLE 69

Sec. 21-69 DEVELOPMENT AGREEMENTS

- 69.1 Purpose and authority:** The lack of certainty in the approval of larger or phased development projects can result in a waste of resources, escalate the cost of housing and other development to the consumer, and discourage investment in and commitment to comprehensive planning which would make maximum efficient utilization of resources at the least economic cost to the public, due to potential changes in development regulations, rules and planning ordinances.

The provisions of this Article will provide assurance to applicants for development projects that upon approval of a project, the applicant may proceed with the project in accordance with the policies, rules and regulations, and subject to conditions of approval in effect at the time of approval. Development agreements entered into pursuant to this Article will strengthen the public planning process, encourage private participation in comprehensive planning, and reduce the economic costs of development.

Development agreements may also include provisions whereby applicants are reimbursed over time for financing public facilities and improvements installed in excess of those needed to serve the applicant's development project. These regulations are adopted for the purposes authorized and under the authority of Government Code Sections 65864-65869.5.

69.2 Applications:

- (a) The Planning Director shall prescribe the form for each application, notice and document provided for or required by these regulations for the preparation and implementation of development agreements.
- (b) The Planning Director may require an applicant to submit such pertinent information and supporting data as he considers necessary to process the application.

The Planning Director may require an applicant to submit proof of his interest in the real property and of the authority of the agent to act for the applicant. Before processing the application, the Planning Director may obtain the opinion of the County Counsel as to the sufficiency of the applicant's interest in the real property to enter into the agreement.

69.4 Form of agreement: Applications shall be accompanied by a proposed development agreement prepared by the applicant. This requirement may be met by submittal of a development agreement consistent with the standard form of development agreements prepared by the Planning Department which may include specific proposals for changes in or additions to the language of the standard form.

69.5 Review of application: The Planning Director shall review the application and may reject it if it is incomplete or inaccurate for processing. If he finds that the application is complete, he shall accept it for filing. The Director shall review the application and determine the additional requirements necessary to complete the agreement. After receiving the required information, he shall prepare a staff report and recommendation and shall state whether or not the agreement proposed or in an amended form would be consistent with the General Plan and any applicable specific or community plan.
